This is the largest balloon festival in the world!

For nine days in October, the ExxonMobil Albuquerque International Balloon Fiesta® creates an enchanted world of special shape balloon rodeos, twilight balloon glows, and vibrant balloon-filled skies. Brisk autumn mornings in the Rio Grande Valley create an otherworldly backdrop for the breathtaking majesty of our most popular event, Mass Ascension. The experience of watching hundreds of gentle airy giants take flight at once is humbling and inspiring. It's the allure of these magical moments and more that have continued to bring ballooning fans worldwide together for more than 53 years.

OUR GEOGRAPHY MAKES IT BALLOONING CENTRAL

Autumn is one of the most enjoyable times of year in New Mexico. This peaceful prelude to winter means that brisk mornings give way to warm afternoons, with mild temperatures throughout the day and typically gentle winds. This ideal weather, combined with its diverse altitudes and geography, makes Albuquerque an ideal location for ballooning at this time of year. The lower altitude of the river valley to the west, higher altitude of the mountain range to the east and the prevailing winds aloft create the legendary "Albuquerque Box," in which gentle winds blow in a box pattern, sometimes leading balloons right back to where they started. This natural phenomenon makes Albuquerque home to some of the best ballooning in the world.

Any local will tell you October is the most beautiful time of year in New Mexico, made so in large part by the much anticipated sight of colorful balloons punctuating the skyline. During this season, the sky is bluer, the days are gentler, and the mornings crisper — almost as though the landscape has taken a deep sigh — and on the desert’s warm breath sails the annual Albuquerque International Balloon Fiesta. For more than half a century, this age-old form of flight, which has captured the human imagination for hundreds of years, is celebrated in a nine-day event that draws the devout, the curious and the novice balloonists to the world-famous Balloon Fiesta Park.

Balloon Fiesta Park’s launch field alone is comparable to the size of 54 football fields. This 60+ acre area is necessary to accommodate the 500+ balloons that launch during the event. The total expanse of the Park is a whopping 365 acres, custom designed to facilitate the largest ballooning event on earth. Since its humble inception at a shopping mall parking lot in 1972, with a total of 13 balloons, the Albuquerque International Balloon Fiesta has grown into the most photographed event in the world.

Sid Cutter, who passed away in 2011, is recognized and honored as the father of hot air ballooning in Albuquerque. Sid was responsible for organizing the first three balloon “fiestas” in Albuquerque and continued to make major contributions to the event.

BALLOON FIESTA FREQUENTLY ASKED QUESTIONS

WHAT IS BALLOON FIESTA LIVE!?

For those who cannot make it to the Balloon Park you can still be a part of all the spectacle of everything that is the Balloon Fiesta by watching our live stream of each session's activities. Just go to balloonfiesta.com/Live and start watching from the comfort of your hotel or home. You can also watch shows from past years to relive or prepare for your visit.

WHAT DO I NEED TO KNOW ABOUT TAKING PHOTOS?

Photography is welcome and encouraged at Balloon Fiesta. We take great pride in being the most photographed event in the world.

Tips: To achieve bold, intimate photos without the clutter of crowds and movements, move in closer, or have your subject move closer to the camera with a balloon filling the frame as the background. Close-ups of detail capture unique, unexpected moments, while an overall view can show the magnitude of the experience.

The best times of day to capture incredible photos are during the "magic hours" of dusk and dawn, when the warm glow of the balloons blends with the richness of the sky. This technique has been coined the "jewel box effect," and is best shot with a tri-pod and high-speed film or ISO because of the low light.

WHAT ARE THE GONDOLA & CHASERS' CLUBS? (SEE PAGE 10)

The Gondola and Chasers' Clubs are two different options to upgrade your Balloon Fiesta experience during a morning or evening session. Depending on the venue you select, you will enjoy a variety of VIP treatments and a special viewing area of the day's events. See the complete details on page 10.

To buy Gondola Club tickets, visit the Gondola Club page on our website balloonfiesta.com/Gondola-Club.

To purchase Chasers' Club tickets, visit the Chasers' Club page on our website balloonfiesta.com/Chasers-Club.

WHAT DO I WEAR AND WHAT IS THE WEATHER?

Generally, temperatures in the morning are around 40°F, warming up to about 70°F by noon. Bring a jacket and dress in layers. Also remember to wear comfortable walking shoes. Bring sunscreen to put on after the sun is up. You will be at a high altitude and are at risk for sunburn. Bring appropriate eye protection. Sun and wind could be your enemies on a bright, sunny or windy day. For further weather information, visit balloonfiesta.com.

WHERE SHOULD I STAY?

We offer the assistance of Balloon Fiesta Travel, located through our Travel Link at balloonfiestahotels.com, or call (505) 346.0522.
